RE: 2021 FAME Report

Dear Mr. Wulff,

Thank you for inviting us to respond to the FY 2021 Comprehensive Federal Annual Monitoring and Evaluation (FAME) Report for California. We appreciate the time and effort that OSHA personnel have devoted to monitoring our operations and making recommendations to help us improve our operations and carry out our mandates effectively.

We concur with the findings as written and are making progress towards implementing many of the recommendations identified. We look forward to the next on-site case file review, as we continue to work diligently to improve our program. The specific responses to OSHA's findings and recommendations will be submitted as part of the FY 2021 Corrective Action Plan (CAP) by your deadline of August 22, 2022.

We appreciate your support and look forward to continued collaboration toward our shared goal of protecting the health and safety of working men and women in California.

Sincerely,

Katrina S. Hagen
