

This document provides the Document ID for each reference cited in OSHA's Notice of Proposed Rulemaking on Heat Injury and Illness Prevention in Outdoor and Indoor Work Settings. The Document ID can be used to search for the document in the Heat Injury and Illness Prevention rulemaking docket, available at [regulations.gov](https://www.regulations.gov), Docket ID OSHA-2021-0009. However, some documents (e.g., copyrighted material) in the docket are not available to read or download from that website. All documents in the docket are available for inspection at the OSHA Docket Office. Contact the OSHA Docket Office at (202) 693-2350 (TTY number: 877-889-5627) for assistance in locating docket submissions.
