

resided in Bosnia-Herzegovina) must comply in order to re-register for TPS.

In addition to timely re-registrations and late re-registrations authorized by this notice's extension of Bosnia-Herzegovina's TPS designation, late initial registrations are possible for some Bosnians under 8 CFR 244.2(f)(2). Such late initial registrants must have been "continuously physically present" in the United States since August 10, 1992, must have had a valid immigrant or nonimmigrant status during the original registration period or have an application for status pending during the initial registration period, and must register no later than 30 days from the expiration of such status. Any national of Bosnia-Herzegovina who has already applied for, or plans to apply for, asylum but whose asylum application has not yet been approved may also apply for TPS. An application for TPS does not preclude or adversely affect an application for asylum or any other immigration benefit.

Nationals of Bosnia-Herzegovina (or aliens having no nationality who last habitually resided in Bosnia-Herzegovina) who have been continuously physically present and have continuously resided in the United States since August 10, 1992, may re-register for TPS within the registration period which begins on August 24, 1998, and ends on September 22, 1998.

Nationals of Bosnia-Herzegovina may register for TPS by filing an Application for Temporary Protected Status, Form I-821, which requires a filing fee (instructions regarding the payment of fees for re-registration are contained in paragraph 5 of this notice). The Application for Temporary Protected Status, Form I-821, must always be accompanied by an Application for Employment Authorization, Form I-765, which is required for data-gathering purposes. TPS applicants who already have employment authorization, including some asylum applicants, and those who have no need for employment authorization, including minor children, need only pay the I-821 fee although they must complete and file the I-765. In all other cases, the appropriate filing fee must accompany Form I-765, unless a properly documented fee waiver request is submitted under 8 CFR 244.20 to the Immigration and Naturalization Service. Notice of Extension of Designation of Bosnia-Herzegovina Under the Temporary Protected Status Program

By the authority vested in me as Attorney General under section 244 of the Act (8 U.S.C. 1254), and pursuant to subsections 244(b)(3)(A) and (C) of the Act, I had consultations with the

appropriate agencies of the Government concerning (a) the conditions in Bosnia-Herzegovina; and (b) whether permitting nationals of Bosnia-Herzegovina (and aliens having no nationality who last habitually resided in Bosnia-Herzegovina) to remain temporarily in the United States is contrary to the national interest of the United States. As a result, I determine that the conditions for the original designation of Temporary Protected Status for Bosnia-Herzegovina continue to be met.

Accordingly, it is ordered as follows:

(1) The designation of Bosnia-Herzegovina under subsection 244(b) of the Act is extended for an additional 12-month period from August 11, 1998, to August 10, 1999.

(2) I estimate that there are approximately 400 nationals of Bosnia-Herzegovina (and aliens having no nationality who last habitually resided in Bosnia-Herzegovina) who have been granted Temporary Protected Status and who are eligible for re-registration.

(3) In order to maintain current registration for Temporary Protected Status, a national of Bosnia-Herzegovina (or an alien having no nationality who last habitually resided in Bosnia-Herzegovina) who received a grant of TPS during the initial period of designation, from August 10, 1992, to August 10, 1993, must comply with the re-registration requirements contained in 8 CFR 244.17, which are described in pertinent part in paragraphs (4) and (5) of this notice.

(4) A national of Bosnia-Herzegovina (or an alien having no nationality who last habitually resided in Bosnia-Herzegovina) who previously has been granted TPS, must re-register by filing a new Application for Temporary Protected Status, Form I-821, along with an Application for Employment Authorization, Form I-765, within the 30-day period beginning on August 24, 1998, and ending on September 22, 1998, in order to be eligible for Temporary Protected Status during the period from August 11, 1998, until August 10, 1999. Late re-registration applications will be allowed pursuant to 8 CFR 244.17(c).

(5) There is no fee for Form I-821 filed as part of the re-registration application. A Form I-765 must be filed with the Form I-821. If the alien requests employment authorization for the extension period, the fee prescribed in 8 CFR 103.7(b)(1), currently seventy dollars (\$70), or a properly documented fee waiver request pursuant to 8 CFR 244.20, must accompany the Form I-765. An alien who does not request employment authorization must nonetheless file Form I-765 along with

Form I-821, but in such cases no fee will be charged.

(6) Pursuant to subsection 244(b)(3)(A) of the Act, the Attorney General will review, at least 60 days before August 10, 1999, the designation of Bosnia-Herzegovina under the TPS program to determine whether the conditions for designation continue to be met. Notice of that determination, including the basis for the determination, will be published in the **Federal Register**.

(7) Information concerning the TPS program for nationals of Bosnia-Herzegovina (and aliens having no nationality who last habitually resided in Bosnia-Herzegovina) will be available at local Immigration and Naturalization Service offices upon publication of this notice.

Dated: August 14, 1998.

## NATIONAL ARCHIVES AND RECORDS ADMINISTRATION

### Lab Test On Kennedy Assassination Evidence

**AGENCY:** National Archives and Records Administration.

**ACTION:** Notice.

**SUMMARY:** The National Archives and Records Administration (NARA) will work with the John F. Kennedy Assassination Records Review Board (Review Board) to arrange the analysis in an FBI laboratory of a piece of evidence from the assassination of President John F. Kennedy.

The evidence item is Warren Commission Exhibit (CE) #567, which is the nose portion of a bullet from the limousine seat in which the President was riding and which consists of five fragments—one larger copper and lead fragment and four smaller pieces of possibly organic material. The larger fragment still has "fibrous/plant debris" adhering to it. The testing will be done on the fibrous debris, not the fragment itself, and on the four small pieces of possibly organic material. The purpose of the test will be to determine specifically the composition of the fibrous material and the small fragments.

The testing of the fiber was recommended by the Firearms Examination Panel of the House Select Committee on Assassinations (HSCA) in 1979. This recommendation was not in the published Final Report of the Committee and thus the testing was never done. NARA agrees with the Review Board that conducting limited testing to complete this "unfinished business" is in the public interest.

The fibrous material may be from clothing the president was wearing, or the fiber may be from material in which the bullet was wrapped after the assassination, or the tests may be inconclusive. NARA chose the FBI laboratories for the analysis as the best equipped and most expertly staffed for the purpose. To assure objectivity, the Review Board will select one or more independent observers to verify the appropriateness of the procedure and to be present throughout the testing, each phase of which will be thoroughly documented. The report on the results of the testing will be made public.
