NNA submitted an application, dated June 25, 2015 (OSHA–2013–0016–0012), to expand its recognition to include one additional test standard. OSHA staff performed a detailed analysis of the application packet and reviewed other pertinent information. OSHA did not perform any on-site reviews in relation to this application.

OSHA published the preliminary notice announcing NNA's expansion application in the **Federal Register** on August 1, 2016 (81 FR 50531). The Agency requested comments by August 16, 2016, but it received no comments in response to this notice. OSHA now is proceeding with this final notice to grant expansion of NNA's scope of recognition.

To obtain or review copies of all public documents pertaining to the NNA's application, go to www.regulations.gov or contact the Docket Office, Occupational Safety and Health Administration, U.S. Department of Labor, 200 Constitution Avenue NW., Room N–2625, Washington, DC 20210. Docket No. OSHA–2013–0016 contains all materials in the record concerning NNA's recognition.

II. Final Decision and Order

OSHA staff examined NNA's expansion application, its capability to meet the requirements of the test standards, and other pertinent information. Based on its review of this evidence, OSHA finds that NNA meets the requirements of 29 CFR 1910.7 for expansion of its recognition, subject to the limitation and conditions listed below. OSHA, therefore, is proceeding with this final notice to grant NNA's scope of recognition. OSHA limits the expansion of NNA's recognition to testing and certification of products for demonstration of conformance to the test standard listed in Table 1 below.

TABLE 1—APPROPRIATE TEST STANDARD FOR INCLUSION IN NNA'S NRTL SCOPE OF RECOGNITION

Test standard	Test standard title
UL 62368–1 ...	Audio/Video, Information and Communication Technology Equipment—Part 1: Safety Requirements.

OSHA's recognition of any NRTL for a particular test standard is limited to equipment or materials for which OSHA standards require third-party testing and certification before using them in the workplace. Consequently, if a test standard also covers any products for

which OSHA does not require such testing and certification, an NRTL's scope of recognition does not include these products.

The American National Standards Institute (ANSI) may approve the test standards listed above as American National Standards. However, for convenience, we may use the designation of the standards-developing organization for the standard as opposed to the ANSI designation. Under the NRTL Program's policy (see OSHA Instruction CPL 1–0.3, Appendix C, paragraph XIV), any NRTL recognized for a particular test standard may use either the proprietary version of the test standard or the ANSI version of that standard. Contact ANSI to determine whether a test standard is currently ANSI-approved.

A. Conditions

In addition to those conditions already required by 29 CFR 1910.7, NNA must abide by the following conditions of the recognition:

1. NNA must inform OSHA as soon as possible, in writing, of any change of ownership, facilities, or key personnel, and of any major change in its operations as an NRTL, and provide details of the change(s);

2. NNA must meet all the terms of its recognition and comply with all OSHA policies pertaining to this recognition; and

3. NNA must continue to meet the requirements for recognition, including all previously published conditions on NNA's scope of recognition, in all areas for which it has recognition.

Pursuant to the authority in 29 CFR 1910.7, OSHA hereby expands the scope of recognition of NNA, subject to the limitation and conditions specified above.

II. Request for Nominations for Membership on ACCSH

The Assistant Secretary of Labor for Occupational Safety and Health (Assistant Secretary) invites interested persons to submit nominations for membership on ACCSH.

Background: ACCSH is a continuing advisory committee established under Section 107(e) of the CSA to advise the Secretary of Labor (Secretary) in the formulation of construction safety and health standards, as well as on policy matters arising under the CSA and the OSH Act. In particular, 29 CFR 1911.10(a) and 1912.3(a) provide that the Assistant Secretary shall consult with ACCSH whenever the Agency proposes any safety or health standard that affects the construction industry.

ACCSH operates in accordance with the CSA, the OSH Act, the Federal Advisory Committee Act (FACA) (5 U.S.C. App. 2), and regulations issued pursuant to those statutes (29 CFR part 1912, 41 CFR part 102-3). ACCSH generally meets two to four times a year.

ACCSH membership: ACCSH consists of 15 members whom the Secretary appoints. ACCSH members generally serve staggered two-year terms, unless they resign, cease to be qualified, or become unable to serve, or the Secretary removes them (29 CFR 1912.3(e)). The Secretary may appoint ACCSH members to successive terms. No member of ACCSH, other than members who represent employers or employees, shall have an economic interest in any proposed rule that affects the construction industry (29 CFR 1912.6).

The categories of ACCSH membership, and the number of new members to be appointed to replace members whose terms will expire, are:

- Five members who are qualified by experience and affiliation to present the viewpoint of employers in the construction industry—three employer representatives will be appointed;
- Five members who are similarly qualified to present the viewpoint of employees in the construction industry—three employee representatives will be appointed;
- Two representatives of State safety and health agencies—one representative from a State safety and health agency will be appointed;
- Two public members, qualified by knowledge and experience to make a useful contribution to the work of ACCSH, such as those who have professional or technical experience and competence with occupational safety and health in the construction industry—one public representative will be appointed; and
- One representative designated by the Secretary of the Department of Health and Human Services and appointed by the Secretary—no new appointment will be made.

The Department of Labor is committed to equal opportunity in the workplace and seeks broad-based and

diverse ACCSH membership. Any interested person or organization may nominate one or more individuals for membership on ACCSH. Interested persons also are invited and encouraged to submit statements in support of nominees.

Submission requirements: Nominations must include the following information:

- Nominee's contact information and current employment or position;
- Nominee's résumé or curriculum vitae, including prior membership on ACCSH and other relevant organizations and associations;
- Category of membership (employer, employee, public, State safety and health agency) that the nominee is qualified to represent;
- A summary of the background, experience, and qualifications that addresses the nominee's suitability for each of the nominated membership categories;
- Articles or other documents the nominee has authored that indicate the nominee's knowledge, experience, and expertise in occupational safety and health, particularly as it pertains to the construction industry; and
- A statement that the nominee is aware of the nomination, is willing to regularly attend and participate in ACCSH meetings, and has no conflicts of interest that would preclude membership on ACCSH.

Member selection: The Secretary will select ACCSH members on the basis of their experience, knowledge, and competence in the field of occupational safety and health, particularly as it pertains to the construction industry. Information received through this nomination process, in addition to other relevant sources of information, will assist the Secretary in appointing members to ACCSH. In selecting ACCSH members, the Secretary will consider individuals nominated in response to this **Federal Register** notice, as well as other qualified individuals.

Instructions for submitting nominations: All nominations, supporting documents, attachments, and other materials must identify the Agency name and the docket number for this **Federal Register** notice (Docket No. OSHA-2016-0009). Submit materials electronically, by FAX, or by hard copy. You may supplement electronic submissions by attaching electronic files. If you supplement electronic submissions with hard-copy documents, submit the hard copy documents to the OSHA Docket Office and clearly identify the electronic submission by Agency name and docket number (Docket No. OSHA-2016-0009) so the

Docket Office can attach the hard-copy documents to the appropriate electronic submission.

The OSHA Docket Office will post all submissions, including personal information provided, in the docket without change. Therefore, OSHA cautions interested parties about submitting personal information such as Social Security numbers and birthdates. Guidance on submitting nominations and supporting materials is available on-line at: <http://www.regulations.gov> and from the OSHA Docket Office.

Access to docket: The <http://www.regulations.gov> index lists all submissions provided in response to this **Federal Register** notice; however, some information (e.g., copyrighted material) is not publicly available to read or download from that Web page.
