

DEPARTMENT OF JUSTICE

[OMB Number 1121-0184]

Agency Information Collection Activities; Proposed eCollection Comments Requested; Revision of a Currently Approved Collection: 2022 School Crime Supplement (SCS) to the National Crime Victimization Survey (NCVS)**AGENCY:** Bureau of Justice Statistics, Department of Justice.**ACTION:** 60-Day notice.

SUMMARY: The Department of Justice (DOJ), Office of Justice Programs, Bureau of Justice Statistics, will be submitting the following information collection request to the Office of Management and Budget (OMB) for review and approval in accordance with the Paperwork Reduction Act of 1995.

DATES: Comments are encouraged and will be accepted for 60 days until August 31, 2021.

FOR FURTHER INFORMATION CONTACT: If you have comments especially on the estimated public burden or associated response time, suggestions, or need a copy of the proposed information collection instrument with instructions or additional information, please contact Rachel Morgan (email: Rachel.Morgan@usdoj.gov; telephone: 202-616-1707) or Alexandra Thompson (email: Alexandra.Thompson@usdoj.gov; telephone: 202-598-2032), Bureau of Justice Statistics, 810 Seventh Street NW, Washington, DC 20531.

SUPPLEMENTARY INFORMATION: Written comments and suggestions from the public and affected agencies concerning the proposed collection of information are encouraged. Your comments should address one or more of the following four points:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the Bureau of Justice Statistics, including whether the information will have practical utility;
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Evaluate whether and if so how the quality, utility, and clarity of the information to be collected can be enhanced; and
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms

of information technology, *e.g.*, permitting electronic submission of responses.

Overview of This Information Collection

1. *Type of Information Collection:* Revision of a currently approved collection.

2. *Title of the Form/Collection:* 2022 School Crime Supplement (SCS) to the National Crime Victimization Survey (NCVS).

3. *Agency form number, if any, and the applicable component of the Department of Justice sponsoring the collection:* The form number for the questionnaire is SCS-1. The applicable component within the Department of Justice is the Bureau of Justice Statistics (BJS), in the Office of Justice Programs.

4. *Affected public who will be asked or required to respond, as well as a brief abstract:* The survey will be administered to persons ages 12 to 18 in NCVS sample households in the United States from January through June 2022. The SCS collects, analyzes, publishes, and disseminates statistics on the students' victimization, perceptions of school environment, and safety at school.

5. *An estimate of the total number of respondents and the amount of time estimated for an average respondent to respond:* An estimate of the total number of respondents is 7,010 persons ages 12 to 18. Of the 7,010 SCS respondents, 87% or 6,071 are expected to complete the long SCS interview (entire SCS questionnaire) which takes an estimated 17 minutes (0.28 hours) to complete. The remaining 13% or 939 SCS respondents are expected to complete the short interview (*i.e.* will be screened out for not being in school), which takes an estimated 2 minutes (0.03 hours) to complete. There are an estimated 1,728 annual burden hours associated with this collection. Respondents will be asked to respond to this survey only once during the six-month period. The burden estimates are based on data from the prior administration of the SCS.

6. *An estimate of the total public burden (in hours) associated with the collection:* There are an estimated 1,728 total burden hours associated with this information collection.

If additional information is required, contact: Melody Braswell, Department Clearance Officer, United States Department of Justice, Justice Management Division, Policy and Planning Staff, Two Constitution Square, 145 N Street NE, 3E.405A, Washington, DC 20530.

Dated: June 29, 2021.

Melody Braswell,

Department Clearance Officer for PRA, U.S. Department of Justice.

SUPPLEMENTARY INFORMATION:

I. Notice of the Applications for Expansion

OSHA is providing notice that TUV SUD America, Inc. (TUVAM) is

applying for expansion of the current recognition as a NRTL. TUVAM requests the addition of eighteen test standards to their NRTL scope of recognition.

OSHA recognition of a NRTL signifies that the organization meets the requirements specified in 29 CFR 1910.7. Recognition is an acknowledgment that the organization can perform independent safety testing and certification of the specific products covered within its scope of recognition. Each NRTL’s scope of recognition includes (1) the type of products the NRTL may test, with each type specified by its applicable test standard; and (2) the recognized site(s) that has/have the technical capability to perform the product-testing and product-certification activities for test standards within the NRTL’s scope. Recognition is not a delegation or grant of government authority; however, recognition enables employers to use products approved by the NRTL to meet OSHA standards that require product testing and certification.

The agency processes an application by a NRTL for initial recognition and for an expansion or renewal of this recognition, following requirements in Appendix A, 29 CFR 1910.7. This appendix requires that the agency publish two notices in the **Federal Register** in processing an application. In the first notice, OSHA announces the application and provides its preliminary finding. In the second notice, the agency provides the final decision on the application. These notices set forth the NRTL’s scope of recognition or modifications of that scope. OSHA maintains an informational web page for each NRTL, including TUVAM, which details the NRTL’s scope of recognition. These pages are available from the OSHA website at: <http://www.osha.gov/dts/otpca/nrtl/index.html>.

TUVAM currently has seven facilities (sites) recognized by OSHA for product testing and certification, with its headquarters located at: TUV SUD America, Inc., 401 Edgewater Place, Suite #500 Wakefield, Massachusetts 01880. A complete list of TUVAM’s scope of recognition (including sites) recognized by OSHA is available at: <https://www.osha.gov/dts/otpca/nrtl/tuvam.html>.

II. General Background on the Applications

TUVAM submitted an application, dated June 8, 2020 (OSHA-2007-0043-0036), to expand their recognition to include six additional test standards. OSHA staff performed detailed analysis of the application packet and reviewed other pertinent information. OSHA did not perform any on-site reviews in relation to this application. Additionally, TUVAM submitted an application on May 19, 2015 (OSHA-2007-0043-0020) to expand their recognition to include two additional recognized test sites and twelve additional test standards. Due to an error, OSHA published preliminary and final **Federal Register** notices (82 FR 13143, March 9, 2017; 82 FR 28359, June 21, 2017) announcing the application and grant of expansion for the two recognized test sites, but not the twelve test standards. Those twelve standards are included in this notice. The expansion announced in this notice will cover eighteen standards, including one which OSHA proposes to add to the NRTL Program’s List of Appropriate Test Standards.

Table 1 below lists the appropriate test standards found in TUVAM’s applications for expansion for testing and certification of products under the NRTL Program.

III. Proposal To Add New Test Standards to the NRTL Program’s List of Appropriate Test Standards

Periodically, OSHA will propose to add new test standards to the NRTL list of appropriate test standards following an evaluation of the test standard document. To qualify as an appropriate test standard, the agency evaluates the document to: (1) Verify it represents a product category for which OSHA requires certification by a NRTL; (2) verify the document represents a product and not a component; and (3) verify the document defines safety test specifications (not installation or

operational performance specifications). OSHA becomes aware of new test standards through various avenues. For example, OSHA may become aware of new test standards by: (1) Monitoring notifications issued by certain Standards Development Organizations; (2) reviewing applications by NRTLs or applicants seeking recognition to include new test standard in their scopes of recognition; and (3) obtaining notification from manufacturers, manufacturing organizations, government agencies, or other parties. OSHA may determine to include a new test standard in the list, for example, if

the test standard is for a particular type of product that another test standard also covers or it covers a type of product that no standard previously covered.

In this notice, OSHA proposes to add one new test standard to the NRTL Program’s list of appropriate test standards. Table 2, below, lists the test standard that is new to the NRTL Program. OSHA preliminarily determined that this test standard is appropriate and proposes to include it in the NRTL Program’s list of appropriate test standards. OSHA seeks public comment on this preliminary determination.

III. Preliminary Findings on the Applications

TUVAM submitted acceptable applications for expansion of the NRTL scope of recognition. OSHA’s review of the application files, and pertinent documentation, indicate that TUVAM can meet the requirements prescribed by 29 CFR 1910.7 for expanding their recognition to include the addition of the eighteen test standards for NRTL testing and certification listed above. This preliminary finding does not constitute an interim or temporary approval of TUVAM’s applications.

OSHA welcomes public comment as to whether TUVAM meets the requirements of 29 CFR 1910.7 for expansion of their recognition as a NRTL. Comments should consist of pertinent written documents and exhibits. Commenters needing more time to comment must submit a request in writing, stating the reasons for the request. Commenters must submit the written request for an extension by the due date for comments. OSHA will limit

any extension to 10 days unless the requester justifies a longer period. OSHA may deny a request for an extension if the request is not adequately justified. To obtain or review copies of the exhibits identified in this notice, as well as comments submitted to the docket, contact the Docket Office, at the above address. These materials also are available online at <http://www.regulations.gov> under Docket No.OSHA–2007–0043.

OSHA staff will review all comments to the docket submitted in a timely manner and, after addressing the issues raised by these comments, will make a recommendation to the Assistant Secretary for Occupational Safety and Health as to whether to grant TUVAM’s applications for expansion of the scope of recognition. The Assistant Secretary will make the final decision on granting the applications. In making this decision, the Assistant Secretary may undertake other proceedings prescribed in Appendix A to 29 CFR 1910.7.

OSHA will publish a public notice of its final decision in the **Federal Register**.

IV. Authority and Signature

James S. Frederick, Acting Assistant Secretary of Labor for Occupational Safety and Health, 200 Constitution Avenue NW, Washington, DC 20210, authorized the preparation of this notice. Accordingly, the agency is issuing this notice pursuant to Section 29 U.S.C. 657(g)(2), Secretary of Labor’s Order No. 8–2020 (85 FR 58393; Sept. 18, 2020), and 29 CFR 1910.7.

Signed at Washington, DC, on June 25, 2021.

James S. Frederick,
Acting Assistant Secretary of Labor for Occupational Safety and Health.
