

SUPPLEMENTARY INFORMATION: The Secretary has renewed the NACOSH charter. The charter will expire on September 4, 2026.

Congress established NACOSH in section 7(a) of the Occupational Safety and Health Act of 1970 (OSH Act) (29 U.S.C. 651, 656) to advise, consult with, and make recommendations to the Secretary and the Secretary of Health and Human Services on matters relating to the administration of the OSH Act. NACOSH is a non-discretionary advisory committee of indefinite duration.

NACOSH operates in accordance with the Federal Advisory Committee Act (FACA) (5 U.S.C. 1001, *et seq.*), its implementing regulations (41 CFR part 102–3), and OSHA’s regulations on NACOSH (29 CFR part 1912a). Pursuant to FACA (5 U.S.C. 1001, *et seq.*) the NACOSH charter must be renewed every two years.

The new charter increases the estimated annual operational costs for NACOSH by approximately 3 percent (from \$201,715.20 to \$207,766.65).

The new NACOSH charter is available to read or download at <http://www.regulations.gov> (Docket No. OSHA–2024–0005), the federal rulemaking portal. The charter also is available on the NACOSH page on OSHA’s web page at <http://www.osha.gov> and at the OSHA Docket Office, N–3653, U.S. Department of Labor, 200 Constitution Avenue NW, Washington, DC 20210; telephone (202) 693–2350. In addition, the charter is available for viewing or download at the Federal Advisory Committee Database at <http://www.facadatabase.gov>.

SUPPLEMENTARY INFORMATION:

I. Notice of the Applications for Expansion

OSHA is providing notice that Nemko North America, Inc. (NNA) is applying for expansion of the current recognition as a NRTL. NNA requests the addition of one recognized testing standard and one recognized testing site to the NRTL scope of recognition.

OSHA’s recognition of a NRTL signifies that the organization meets the requirements specified in 29 CFR 1910.7. Recognition is an acknowledgment that the organization can perform independent safety testing and certification of the specific products covered within its scope of recognition. Each NRTL’s scope of recognition includes (1) the type of products the NRTL may test, with each type specified by its applicable test standard; and (2) the recognized site(s) that has/have the technical capability to perform the product-testing and product-certification activities for test standards within the NRTL’s scope. Recognition is not a delegation or grant of government authority; however, recognition enables employers to use products approved by the NRTL to meet OSHA standards that require product testing and certification.

The agency processes an application by a NRTL for initial recognition and for an expansion or renewal of this recognition, following requirements in appendix A, 29 CFR 1910.7. This appendix requires that the agency publish two notices in the **Federal Register** in processing an application. In

the first notice, OSHA announces the application and provides its preliminary finding. In the second notice, the agency provides the final decision on the application. These notices set forth the NRTL's scope of recognition or modifications of that scope. OSHA maintains an informational web page for each NRTL, including NNA, which details the NRTL's scope of recognition. These pages are available from the OSHA website at: <https://www.osha.gov/nationally-recognized-testing-laboratory-program>.

NNA currently has two facilities (sites) recognized by OSHA for product testing and certification, with its headquarters located at: Nemko North America, Inc., 2210 Faraday Avenue,

Suite 150, Carlsbad, California 92008. A complete list of NNA's scope of recognition (including sites recognized by OSHA) is available at: <https://www.osha.gov/nationally-recognized-testing-laboratory-program>.

II. General Background on the Applications

NNA submitted two applications to OSHA for expansion of the NRTL scope of recognition. The first application, dated September 1, 2023 (OSHA–2013–0016–0029), requested the expansion of the NRTL scope of recognition to include one additional test standard. The second application, dated November 27, 2023 (OSHA–2013–0016–0030), requested the expansion of the

NRTL scope of recognition to include an additional recognized testing site located at: 5F, No. 413, Sec. 2, Tiding Blvd., Nei Hu Dist. 11493 Taipei City, Taiwan, R.O.C. OSHA staff performed an on-site review of NNA's testing facilities at NNA Taipei on March 4–5, 2024, in which assessors found some nonconformances with the requirements of 29 CFR 1910.7. NNA has addressed these issues sufficiently, and OSHA staff has preliminarily determined that OSHA should grant the application.

Table 1 below lists the appropriate test standard found in NNA's application for expansion for testing and certification of products under the NRTL Program.

TABLE 1—PROPOSED APPROPRIATE TEST STANDARD FOR INCLUSION IN NNA'S NRTL SCOPE OF RECOGNITION

Test standard	Test standard title
UL 2054	Household and Commercial Batteries.

III. Preliminary Findings on the Applications

NNA submitted acceptable applications for expansion of the NRTL scope of recognition. OSHA's review of the application files, and pertinent documentation, indicate that NNA can meet the requirements prescribed by 29 CFR 1910.7 for expanding their recognition to include the addition of one additional testing standard and one additional testing site for NRTL testing and certification. This preliminary finding does not constitute an interim or temporary approval of NNA's applications. OSHA seeks comment on this preliminary determination.

IV. Public Participation

OSHA welcomes public comment as to whether NNA meets the requirements of 29 CFR 1910.7 for expansion of recognition as a NRTL. Comments should consist of pertinent written documents and exhibits.

Commenters needing more time to comment must submit a request in writing, stating the reasons for the request by the due date for comments. OSHA will limit any extension to 10 days unless the requester justifies a longer time period. OSHA may deny a request for an extension if it is not adequately justified.

To review copies of the exhibits identified in this notice, as well as comments submitted to the docket, contact the Docket Office, Occupational Safety and Health Administration, U.S. Department of Labor. These materials also are generally available online at <https://www.regulations.gov> under

Docket No. OSHA–2013–0016 (for further information, see the “*Docket*” heading in the section of this notice titled **ADDRESSES**).

OSHA staff will review all comments to the docket submitted in a timely manner. After addressing the issues raised by these comments, staff will make a recommendation to the Assistant Secretary of Labor for Occupational Safety and Health on whether to grant NNA's applications for expansion of the scope of recognition. The Assistant Secretary will make the final decision on granting the applications. In making this decision, the Assistant Secretary may undertake other proceedings prescribed in Appendix A to 29 CFR 1910.7.

OSHA will publish a public notice of the final decision in the **Federal Register**.

V. Authority and Signature

James S. Frederick, Deputy Assistant Secretary of Labor for Occupational Safety and Health, 200 Constitution Avenue NW, Washington, DC 20210, authorized the preparation of this notice. Accordingly, the agency is issuing this notice pursuant to section 29 U.S.C. 657(g)(2), Secretary of Labor's Order No. 8–2020 (85 FR 58393; Sept. 18, 2020), and 29 CFR 1910.7.

Signed at Washington, DC, on September 5, 2024.

James S. Frederick,
Deputy Assistant Secretary of Labor for Occupational Safety and Health.
